

CLIFFORD HAYES NINETEEN YEAR OLD BOY IS HELD

Charged With Murder of Rev. Hall and Mrs. Mills

(By The Associated Press)
NEW BRUNSWICK, N. J., Oct. 9.—Clifford Hayes, 19, was held incommunicado in jail at Somerville tonight on a warrant charging him with first degree murder of the Rev. Edward W. Hall and Mrs. Eleanor Mills on September 14.

But if the authorities who caused his arrest have any evidence which would show a logical motive for his alleged act they have carefully withheld it.

The explanation of Raymond Schneider, 22, whose accusation caused Hayes' arrest was that it was a case of mistaken identity. Hayes, he said, thought he was shooting 15 year old Pearl Bahmer and her stepfather, Nicholas Bahmer.

But the only motive he advanced for the reckless crime was a sort of quixotism on Hayes' part—a desire to right a supposed wrong done a friend, Schneider, who, although married, admits he is in love with Pearl.

Hayes' retort was that Schneider was "a damned liar." He admitted accompanying Schneider to the deserted Phillips farm where the bodies were found, in search of Pearl and her stepfather. They heard shots and screams, he said, and ran toward the crab apple tree whence the shots seemed to come, observing an automobile leave as they ran. Beneath the tree, he declared they found the minister and the choir singer dead—he said—Schneider bent down and stole the minister's watch.

This Schneider hotly denied during the long all night questioning to which both youths were subjected. Schneider, in turn, accused Hayes of having committed the theft.

Discrepancies in Story
One of the most glaring discrepancies in Schneider's story is his assertion that neither he nor Hayes touched the bodies, except for the fitching of the watch of which he accuses Hayes.

It has been established by a belated autopsy that Mrs. Mills' throat was cut from ear to ear and her head almost severed. Schneider could not explain this.

Neither could he explain how the bodies came to be laid out carefully side by side as if for burial. He was usually unsatisfied as to how the love letters written by Mrs. Mills to the minister came to be scattered about the scene—or who dropped one of the minister's cards against the sole of his shoe, as if to make sure of identification.

His story does tally remarkably with the first statement attributed to Mrs. Hall after the murders were discovered—that her theory of the double slaying was "mistaken identity."

Altho they openly expressed confidence that the case had been practically solved, the authorities are hard at work tonight trying to reconcile all the evidence with Schneider's story—or to batter him down to further admissions which would make his story more plausible.

A part of Schneider's story—as much as she could have been expected to know was corroborated by Pearl Bahmer.

On the night of Sept. 14, she said, she was out with Schneider, remaining until about 9 o'clock. When she returned home, she continued, she found her stepfather on the porch, intoxicated, and consented to go with him while he attempted to walk off the effects of his drinking.

They passed Schneider, Hayes and Leo Kaufman on a street corner, she said and the three youths followed them. After they had walked some distance she said, she became tired and wanted to return home but he seized her by the arm and insisted that she continue. She began to cry, she said, and the trio rushed up. Schneider dropping his coat and expressing his determination to beat Bahmer. The encounter ended without blows she said and she and her stepfather returned home.

Schneider's story tallied with her's up to this point, except that Schneider said Pearl and Bahmer walked on toward the Phillips farm.

Kaufman left them then, he said, but he and Hayes determined to follow on. Hayes showing him a 32 calibre pistol and assuring him there was no danger.

Suddenly, he said they saw a couple beneath the crab tree and Hayes whipped out his pistol and began to fire, exclaiming, "there they are—I'll fix them."

After the struggles of the pair beneath the tree were stilled, he said he stole forward, struck a match and cried to Hayes:

"My God you've made a terrible mistake."

Hayes then snatched the minister's watch and they both fled, he declared.

SEEK MYSTERIOUS WOMAN IN MURDER OF GUY DERNIER

Is Thought to Have Been Funeral of Murdered Man at Phoenix

(By The Associated Press)
PHOENIX, Ariz., Oct. 9.—A mysterious woman, who is supposed to have attended the funeral here of Guy Dernier, was sought today by the police and sheriff's deputies in connection with the murder of Dernier, Sept. 12, when his body, clad in a suit of underwear, was found in a canal 8 miles north of Phoenix.

Information given authorities concerning this woman is meager but it is known that her name is "Thelma" that she has been a familiar figure around the big hotels of Los Angeles and that she is a "striking beauty."

"Thelma," Sheriff Montgomery said today is supposed to have been frequently in the company of Guy Dernier while he was living in Los Angeles.

At Dernier's funeral here, there was a woman dressed in black and wearing a long flowing black veil that completely hid her features, whom nobody seemed to know. Immediately after the funeral, this woman vanished. It is this same woman, Sheriff Montgomery believes, whose connection with the Dernier case has added still another baffling complication to a problem that had begun to look like it might never be solved.

In Los Angeles, according to Deputy Sheriff Bell, "Thelma" no longer is to be seen around her old haunts. What has become of her no one seems to know. The task of tracing her movements is doubly difficult because in spite of the fact that she was a conspicuous figure wherever she went she seemed to have friends. Sheriff John Montgomery left this afternoon for a town 35 miles west of here where he went to investigate still another new angle of the case the nature of which he stated he could not divulge.

Still another interesting development in the enigma is reported in the alleged disappearance from Phoenix last night of one of those men whose name has been prominently in the foreground all thru the affair of Dernier's death and subsequent investigation.

PROBE OF GRAIN BUSINESS STARTS

(By The Associated Press)

CHICAGO, Oct. 9.—The federal trade commission charged with a national investigation of grain business, tomorrow will open hearings to which many leading dealers, particularly those specializing in grain futures, will be called for examination. The commission has completed an exhaustive investigation of the export phases of the grain trade and is seeking the direct testimonies of the dealers which will be taken at open meetings.

"The investigation is much more than a series of hearings," said Victor Murdock, vice-chairman of the commission today. "The commission has come to Chicago, where five sevenths of the American grain transactions take place, to get what it considers the most important information on domestic trade."

The Chicago hearings will continue two or three days, Mr. Murdock said. He refused to give out a list of the men who are to be called, altho he said it would include many of the largest dealers in grain futures.

The commission began its hearings in New York last week.

WILL SHOW NAVY BOMBING TESTS

Manager Scott yesterday received the films of the recent bombing tests which were held at Hampton Roads several months ago and they will be shown at Scott's theater today and tomorrow in connection with the regular program without any additional cost.

These films were made during the time the government was experimenting with airplanes in the bombing of battleships to get a line on the effectiveness of the bombing plane on modern battle ships. The films are said to be excellent ones and were brought here thru the effort of Lieutenant McGinnis who is recruiting for the air service.

BURTON AGAINST CANCELLATION OF EUROPEAN DEBTS

Makes Opinion of Al- lied Debt Commis- sion Unanimous

(By The Associated Press)

WASHINGTON, Oct. 9.—A strong declaration was made today by Representative Theodore E. Burton, Republican, Ohio, a member of the allied debt commission against any cancellation of the debts of European nations to the United States. His statement to this effect made unanimous the opinion of all the American delegates to the inter-parliamentary union conference at Vienna, a number of senators who with Representative Burton toured Europe and conferred with leading statesmen and publicists having previously declared that the allied debts should not be remitted.

Representative Burton conferred with President Harding today and after campaigning in Ohio will return here for the meeting this month of the allied debt commission with Great Britain's financial representatives.

There are many reasons why the allied debts should not be cancelled said Representative Burton.

First they are binding obligations, a national debt and their cancellation would throw doubt on national credit which is an all-important part of all commercial and industrial relations.

Second, these loans were not made from an amounting revenue, but were obtained by borrowings from our people with no small difficulty and with a great deal of sacrifice. There was no thought at the time they were made that they would be repaid and indeed the law under which our people took our bonds provided for their exchange in kind.

"Third," the United States is sincerely interested in world peace. If these debts were cancelled it would lead to an expansion of the military and naval establishments of other countries and thereby bring a threat of the war and all the waste it entails.

"Fourth," proportionately, the increase in the debt of the United States as a result of the war is greater than that of the borrower.

The increase in taxation also is proportionately greater. "Further, while we recognize the wonderful sacrifices made by the allies during the war, their danger was more imminent and we have gained no territory and did not expect any large indemnities."

"The general feeling abroad is that these debts ought to be paid."

Mr. Burton also declared against any further national loans abroad, adding that private credits for American raw materials might and should be arranged but that the United States should not be called upon again to aid any foreign country unless possibly for human relief.

He did not appear to be impressed by the league of nations, several of whose meetings at Geneva he attended.

"It seemed like a big debating society," he said.

Mr. Burton expressed belief that the United States should have representation on a world court with jurisdiction and one not under control of the league. An effort is being made he said to detach the present international court from the league.

"I was greatly disappointed," Representative Burton declared "that in all the discussions of the league including mention of a contribution of 250,000 pounds Great Britain to Russian relief there was no mention of the \$20,000,000 given by the United States and private efforts of America. And only Viscount Ishli mentioned the disarmament efforts of the Washington arms conference."

Injunction Suit Is Filed in Chicago

(By The Associated Press)

CHICAGO, Oct. 9.—Suit for injunction aimed at Mayor Thompson and Chief of Police Fitzmorris was filed in circuit court today by McClay Hoyne, former state's attorney seeking to restrain the city authorities from preventing the showing certain lantern slides. Hoyne acted for D. F. Coughlan, maker of the slides.

The slides, the display of which was stopped by the police under an ordinance forbidding anything which might block street traffic contained statements alleging fraud and graft among city hall employees. Some slides read as follows according to the bill:

"They paid alleged experts and jack leg lawyers for doubtful services in a single year \$3,852,035. Who got the money?"

"A former bootblack was paid \$467,817 for alleged expert service. Does anyone believe he was permitted to retain all that money?"

"An unknown clerk in an architect's office received \$559,166. With whom did he divide it?"

"A certain lawyer was permitted to dip his hand into the city treasury and withdrew \$26,400. What could he have done to earn so large a fee?"

"The board of education bought second hand marine boilers at a cost of \$300,000 which were rotting on the prairie. There was a graft of \$150,000 in this transaction."

The slides were being shown by a Democratic ward organization.

SAYS GOVERNMENT POLICY IDENTICAL TO THAT OF LABOR

Prime Minister Lloyd George Issues Report on Conference

(By The Associated Press)

LONDON, Oct. 9.—The government tonight issued a report of the conference which the labor deputations had with premier Lloyd George on September 21, hitherto kept secret.

The prime minister in replying to the deputations "stop the war" protests the report indicates, devoted his speech mainly to proving that the government policy had been identical with that long advocated by the labor party, namely, maintenance of freedom of the straits under control of the league of nations and that the subject populations in Anatolia could not be left under control of the Turks. But he regretted that this policy became impossible because the United States, France and Italy had declined to undertake the necessary mandates in these regions.

The prime minister argued that under the Ankara pact the position of the straits would be the same as it was in 1914, when the Turks closed the straits; therefore even control by the league of nations would be useless until the straits were kept neutralized. He contended that the Kemal government had given no indication to do anything more than proffer a verbal guarantee of the freedom of the straits and declared: "You cannot defend the straits by flaunting a covenant in the face of those trying to force them."

Mr. Lloyd George pointed out the refusal to refer the matter to the league of nations came from other nations, not engaged. Asked whether freedom of the straits meant fortifications in the hands of some international body the premier replied that that would be for the league to decide. He also admitted that there should be no interference with the straits either by Great Britain or any other nation.

"Otherwise," he added, "that is not internationalization."

On the general question the prime minister reiterated that the government policy was to prevent the war from spreading into Europe and he contended that the strong measures the government had taken and intended to continue to take were the best means of prevention.

Mr. Lloyd George declared that the British government had given either money or arms to the Greeks; on the contrary it had warned them when they went to Smyrna that they were going "entirely on their own responsibility and at their own expense."

The prime minister said that all he was now doing was to treat the Turks and Greeks alike in regard to the neutral zone which the British were holding for the allies and it was imperative until a peace conference was held to prevent war from spreading to Europe.

WAVERLY FARMER HAS DISAPPEARED

F. R. Mitchell Has Not Been Heard of Since September 28 When He Went to Peoria with an Exhibit of Corn.

F. R. Mitchell, a prominent farmer of Waverly, who went to Peoria September 28 with an exhibit of corn to be shown at the Peoria Implement Exposition, has not returned home nor notified his family or friends of his whereabouts.

The last word heard from Mr. Mitchell was a message to his family on the 28th stating that his corn would not be ready for the judges before September 30 and that they should look for him when they saw him. Since that time no trace of the missing man has been uncovered. A search has been made for him without avail and his family and friends are fearful he has been a victim of foul play.

Mitchell is about 45 years old and weighs 170 pounds. He is five feet, ten inches tall, brown hair streaked with gray, blue eyes and a light tanned complexion. When last seen he wore a suit of dark cloth and a dark overcoat and green hat. So far as known he had no reason for disappearing.

SUPREME COURT CLEARS DOCKET OF ALL MOTIONS

Denying of Rehearings Get Several Cases Off the Docket

(By The Associated Press)

WASHINGTON, Oct. 9.—Altho no opinions were delivered by the supreme court today it cleared its docket of all motions for rehearings which had accumulated during the summer recess and advanced for argument the Pennsylvania anthracite, and the Minnesota iron tax, and other important cases, besides issuing orders in other cases.

By denying rehearing in the cases decided during the closing days last term, the court made final its decisions in such important litigation as the Southern Pacific, the Coronado coal, the emergency fleet corporation and baseball cases. Several had been pending in the courts many years.

The Coronado case resulted in the supreme court declaring that labor unions were suable, and were liable to prosecution under the Sherman anti-trust laws. In applying the evidence in the case, the supreme court reversed the lower federal courts and held that the United Mine workers district No. 21, the labor leaders and others involved in the strike which resulted in the destruction of property were not liable for treble damages under the Sherman law, because not actuated by an intent to restrain or monopolize interstate commerce.

The coal companies sought unsuccessfully to have that feature of the decision reviewed contending that the prime object of the strike was to prevent the interstate shipment of coal.

After the decision of the court last June ordering the Southern Pacific company to divorce itself from ownership or control over the Central Pacific railroad a number of petitions were presented to congress from commercial and other organizations discussing the probable effect of the decision. Some urged and others opposed its enforcement, but the supreme court in refusing today to re-open the case brought the protracted litigation to its last stages and mandates will now issue under the United States district court for Utah will proceed to give effect to the decision.

The condition of various crops on October 1, was announced as follows:

Corn, 78.4 per cent of a normal; buckwheat, 83.8; white potatoes, 77.3; sweet potatoes, 79; flax seed, 82.6; rice, 85.3; tobacco, 78.9; sugar beets, 85.1; grain sorghum, 64.9.

The nation's corn crop decreased by 21,600,000 bushels during September, presumably due to drought, which prevailed in many of the corn growing states, according to the department of agriculture's forecast of production based on conditions at the end of the month.

The department forecast a crop of 2,853,399,000 bushels forecast at the end of the month. The spring wheat crop was estimated by the department at 263,214,000 bushels which compared with the forecast issued a month ago of a crop amounting to 277,000,000.

The preliminary estimates of production of spring wheat (in thousands of bushels) followed: Minnesota, 24,702; North Dakota, 114,506; South Dakota, 36,652; Montana, 32,555; Washington, 10,524.

The condition on October 1, and the forecast of production (in thousands of bushels) of principal states, were announced as follows:

Corn—Pennsylvania, condition 84 and forecast 64,753; Ohio, condition 83 and forecast 84,828; Indiana, condition 83 and forecast 176,391; Illinois condition 80 and forecast 313,251; Minnesota condition 77 and forecast 441,201; Missouri condition 77 and forecast 169,372; South Dakota condition 81 and forecast 113,010; Nebraska condition 64, and forecast 166,180; Kansas condition 69 and forecast 105,201; Texas condition 69 and forecast 101,234.

Potatoes—Maine condition 65 and forecast 24,411; New York condition 80 and forecast 30,770; Pennsylvania condition 81 and forecast 26,088; Michigan condition 80 and forecast 37,274; Wisconsin condition 85 and forecast 37,358; Minnesota condition 72 and forecast 38,396.

FRANK BODE MAKES RICH STRIKE IN WEST

Has Large Interest in Oil Gusher Recently Drilled—Local Men Own Stock in Company.

A number of Jacksonville business men are said to be congratulating themselves because of certain small investments that they made a few months ago in an oil company fostered by Frank Bode, formerly of this city. Mr. Bode, in conjunction with Mr. Jageman and Mr. Spaulding of Springfield, were the principal factors in the company which has begun development work in a California field. It has been a paying enterprise and very recently a 3,000 barrel well was brought in.

Persons all familiar with oil production know what that means and Mr. Bode and his associates are now making big money. The Jacksonville men did not make large investments but the shares of stock they own are mighty well worth having. Among the stock holders are E. A. Brennan, John Zell, A. R. Taylor, George Schmalz, P. J. Shanahan and C. J. Buhrer.

FUNERAL SERVICE OF DR. F. S. HAYDEN

The casket will be closed at 11 o'clock and the services will then be held. The body will be taken to Flint, Mich., where burial will be made.

A THOUGHT

The collections of the Jacksonville water department last month totaled more than \$6,000. This is just about double the monthly collections of two or three years ago. The use of city water is increasing steadily and with good reason.

Another cruel blow has been given the zoo. A specialist in charge of the zoo at New York declares that there is nothing to the theory that whiskey is an antidote for snake bite. This authority says that in many instances the giving of whiskey to a snake bitten person makes the case worse instead of better.

The city council is following a wise course in declaring that it has no intention of calling a special election in the First Ward to fill the vacancy caused by the death of Alderman Flynn. The interests of the Ward will not suffer thru the fact of having one direct representative in the council during the next few months, and by this plan the city will be saved the several hundreds of dollars that the special election would cost.

The slogan of an organization now holding a convention in Atlantic City is "A playground for every community." This represents a worth while ideal for there is now wide spread recognition of the direct connection between proper recreation and good citizenship. The character of the men and women of tomorrow will be shaped quite largely by the recreational program which is put into effect.

Such rapid development has come in this line of work that

the expenditures in the United States last year for community recreational features meant an outlay of \$9,000,000.

A committee representing various organizations and business in general has been named to study the traffic problem in its relation to Jacksonville. This committee faces a real task and one which cannot be disposed of merely by formal conference. How to properly take care of the increasing number of automobiles and at the same time give protection to the public is a matter for serious consideration.

There are business questions also involved and the committee will need to secure all the information possible before making definite recommendations for an amended traffic ordinance.

REFUND POLICY

The foreign debt refunding commission is to adopt a policy of greater firmness in dealing with the debtor nations. Many of the smaller governments are said to be subordinating their American obligations to other objects of expenditures. It is understood that Rumania, altho owing the United States about \$41,000,000 is contemplating the issuance of \$200,000,000 in bonds, the payment of which would take precedence over all other obligations. It is said that Rumania has thus far ignored the note from Washington that the American government is ready to negotiate repayment of the loans. There is no reason for expecting debt money from any of the debtor countries in the near future except Great Britain, but the new policy of "frankness" is expected to bring the matter to a head.

Special Conclave of Hospitalers Commemorative at 7:30 o'clock this evening. Work. Visiting Knights welcome.

A sale of calves will attract many stock men to the Marbold farm near Greenville today. Fifteen hundred calves are included in the offerings and buyers are expected from a large area. Frank E. Drury of Orleans will be one of the Morgan county men in attendance.

Today will be celebrated the seventy-sixth anniversary of the founding of Illinois Woman's college. At the same time alumnae and former students of the college will gather at the Peacock Inn at a candle lighting luncheon to celebrate the date. During and after the luncheons there will be toasts and the singing of college songs. Any former students who cannot be at the luncheon will observe the candle lighting in their own homes. MISS NELLIE ORNELLAS PAINFULLY INJURED

Miss Nellie Ornellas of North Prairie street was injured Sunday evening when the car in which she was riding collided with a Ford sedan which was parked on the hard road between Jacksonville and Arnold. The accident occurred about 8 o'clock and Miss Ornellas' injuries were such that it was found necessary to take her to Our Savior's hospital. The other people in the car, Miss Margaret Nettler, John McCarty and Ross Deppe, the driver sustained minor bruises but none were seriously hurt.

The car standing at the side of the road had evidently been abandoned and there were no lights on it to warn the other drivers. When the other car struck the Ford, Miss Ornellas was thrown thru the wind shield and her face and lips painfully cut by the broken glass.

Let the "Estate Oak" Solve Your Heating Problem

The ash box in this famous stove is a single cored casting. No joints means no leaks—and no leaks means perfect control over the fire. But the Estate Patented Jointless Ash Box is only one of the many reasons for the superiority of the Estate Oak. The Estate Patented Screw Draft Registers which work with all the precision of the valve in a steam radiator, are well worthy of mention; the Estate Double Strength Single Fire-Pot, which never wears through, ought to be considered; the Estate Anti-Buckling Ring is another important improvement; and all of these features combine to produce such perfect fire control that we can guarantee every Estate Oak to keep fire fifty hours on one charge of any kind of soft coal.

A UNION OF INTEREST TO WOMEN

Healthy Housewife---Happy Home

Lydia E. Pinkham's Vegetable Compound Has Helped

Many

For the ailing, half-sick housewife such a union is impossible. Often times even the slightest form of housework cannot be accomplished. Yet the work must be done.

Many women struggle along for years suffering from some form of female trouble that makes their lives miserable and their homes far from happy.

Lydia E. Pinkham's Vegetable Compound has helped thousands of just such women regain their health and strength. Just give your thought to the following letters and remember that the women who wrote these letters knew how they felt before taking the Vegetable Compound and again afterwards. It helped them—let it help you.

Had Nervous Spells

Horatio, Ark.—"I had nervous spells and awful bad feelings. My right side and my back hurt me all the time and I had been going down in health for six or seven years. For three years I had not been able to do my work without help. I weighed only 95 pounds when my husband's mother persuaded me to take Lydia E. Pinkham's Vegetable Compound. Now I heartily recommend it to all suffering women, as I have gained weight and health. I can do all my work, anything I want to do."—Mrs. J. H. RICHARD.

Reading, Pa.—"I was a nervous wreck and could hardly do my housework. I always had to have help or I would never have got it done. Through the advice of friends I have been taking Lydia E. Pinkham's Vegetable Compound for my nerves and Lydia E. Pinkham's Blood Medicine for my blood and I am feeling fine and doing my work all alone. I can recommend these medicines to any one, for they certainly helped me. I suffered for five years and Lydia E. Pinkham's medicines pulled me through."—Mrs. WALTER U. STOVER, 1218 Mulberry St., Reading, Pa.

Recommends the Vegetable Compound

New Orleans, La.—"I have found relief from my troubles by taking Lydia E. Pinkham's Vegetable Compound and I praise it wherever I go. I could not do my work as it should be done for I would sometimes have to lie down because of the pains I had. A friend induced me to take your Vegetable Compound and I have got great results from it. I kept house and am able to do all my own work. I recommend your Vegetable Compound to my friends who have troubles similar to mine."—Mrs. T. FOCKLER, 1915 N. D.

Notes from the Big Ten Camps

ILLINOIS.

CHAMPAIGN, Ill., Oct. 9.—With the return of Sam Hill, fullback, J. C. Hapenny, and Dutch Durant, to the University of Illinois football squad, prospects for Saturday's battle improved. Rube Clark returned to the field and practiced dropkicking. Captain Dave Wilson also returned and got into action in charging and signal drills.

Paul Stewart of Chicago, third baseman on Illinois' 1920 Big Ten championship team and shortstop on Lundgren's 1921 championship squad today was elected captain of the 1922 baseball nine. Two elections were held in the spring and the vote was taken 14 times with a result of six to six tie between Stewart and Jackson, a pitcher. Stewart batter .387 in the conference last year and is a star infielder.

Coach J. Craig Ruby, new Illinois basketball mentor today announced dates of three practice games Illinois will play before games in the big ten opened. Illinois will meet Washington University of St. Louis, December 16, here; Notre Dame, December 21, here; and Butler here January 2.

The game with Washington will be the first Missouri Valley team here in many years.

IOWA

Iowa City, Oct. 9.—Aubrey Devine played halfback this afternoon on one of his freshmen Iowa eleven against the varsity at its final practice before leaving for the Yale game. Devine easily evaded the regulars but they penetrated the yearling defense before he did much damage.

Coach Jones drilled the Hawk-eyes on their defense then sent the regulars against the seconds.

Rich was calling signals in place of Parkin on the varsity.

Parkin is troubled slightly with a bad knee, the only casualty of the Knox game.

The 25 men who will be taken on the Yale invasion were announced today.

WISCONSIN.

MADISON, Wis., Oct. 9.—Light signal drills and a short scrimmage constituted the practice today of the University of Wisconsin football squad as it limbered up for the South Dakota Aggies' game next Saturday. Most of the first squad remained on the bench injuries keeping out Captain Williams, Gibson and Harris, back field players.

ILLINOIS.

URBANA, Ill., Oct. 9.—With only a week to go in the football world before the battle starts for Bob Zuppke's charges, the Illinois are preparing a forward pass attack to strengthen the Orange and Blue offensive this year.

DENIES HONORS DUE COLUMBUS' MEMORY

Rev. A. P. Howells at First Baptist Church Quoted Historical In Support of His Statement.

Declaring that Columbus Day, October 11th, should be denationalized, Rev. A. P. Howells, in a sermon at the First Baptist church on Sunday night, asserted that Christopher Columbus did not discover America. He claimed that the Norsemen and the Cabots carried off the laurels before Columbus ever dreamed of a passage to India. It was left to the Ku Klux Klan, the minister said, to discover Columbus.

"The world is here crazy," the minister continued, "it stops the wheels of commerce to pay tribute to a deluded adventurer who was out for gold. Weighed in the scales of the Ku Klux Creed, Christopher Columbus vanishes into moon shine."

Here the minister took issue with the critics of the Klan, declaring that the principles for which the order stood was sufficient to give it a clean bill of health. These he enumerated as law and order, protection for pure womanhood, tenets of the Christian religion, white supremacy, just laws and liberty, limitation of foreign immigration, closer relation between capital and American labor, and separation of church and state. He asserted that Christopher Columbus violated all of these.

Quoting from Justin Winsor, librarian of Harvard University and Prof. C. K. Adams of the University of Wisconsin, both of whom wrote volumes on the life of Columbus, Rev. Howells said that the noted discoverer was a pirate.

Again quoting from Winsor, the minister declared that Columbus was both a kidnaper and a slave dealer, using the words of the historian, "He had already made the voyage that of a kidnaper by capturing nine of the unsuspecting natives."

"Allowing the natives to imagine the voyagers as messengers from heaven, Columbus loaded four ships with natives and sent them to Europe to be sold as slaves. No greater tyrant ever stepped foot upon the West Indies," said the minister.

MEETING OF HI Y CLUB MONDAY NIGHT

Boys Gathered at State Street Church—Some Interesting Business Was Transacted.

The Hi-Y club held its regular weekly meeting at 5:45 at State street church, Monday evening. There were about 62 members present, including 17 new members. A bountiful supper was served at 6 o'clock by the ladies of the church with Mrs. William Floeth as chairman. The food was appreciated by the boys so much that they gave cheers for the ladies on two different occasions during the evening.

The supper was followed by a brief business meeting with President Cranwell in the chair. Principal Shafer of the high school, also a member of the advisory board of the club gave a talk to the club. He put up the proposition to them for the Hi-Y club to sponsor the drive for members to the Athletic association. The club favored such an action and a committee composed of J. Putnam, H. Hopper and L. Gard will take immediate steps to get the drive underway.

A very interesting Bible lesson was held under the direction of Mrs. J. S. Findley, the subject being "Relation of School to Business."

Members Gard, Bentley and Williamson reported on topics assigned to them for reference work.

A discussion of membership fees was held and it was decided that new memberships would cost 50 cents, while a renewal would cost only 25 cents unless the

Copper-Clad Range Week

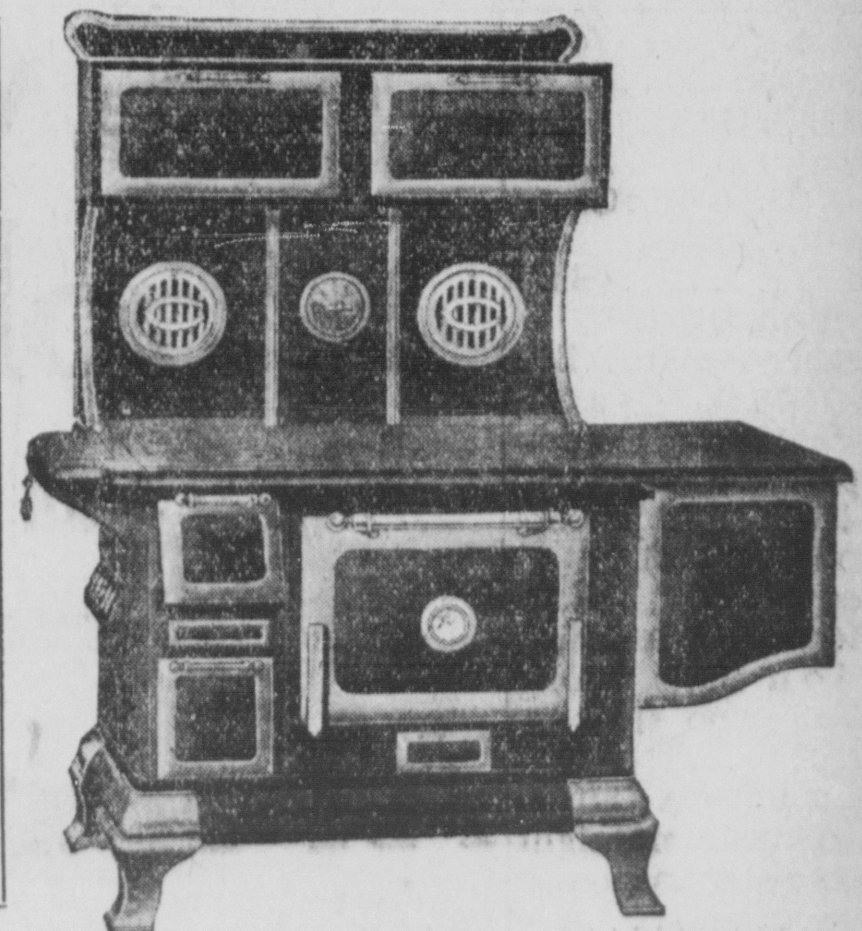

This Week, October 9th to 14th

Ten-Piece Set of Elegant ALUMINUM WARE FREE

If You Buy a Copper-Clad Range This Week

"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the 'Copper-Clad Crank' is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind that you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels. You can use this utensil in some form every day. Free to Every Copper Clad Buyer During This Sale—Come—See the Asbestos Sweat.

No matter whether you want a range now or next year or any other time, it will pay you to come and see the Copper-Clad Crank make the Asbestos sweat.

He takes any piece of asbestos, puts it between two iron plates—heats it—and shows you the sweat. You can roll it up in drops with your finger.

Every good range must be lined with asbestos to hold the heat around the oven and keep down fuel cost. Every time

the range cools off, the asbestos takes moisture out of the fresh air circulating through the range like a blotter takes up water. When you fire up, this moisture is driven by the heat to the outside against the cold range body and starts Sweat-Rust on the inside where you can't get at it even though you know it rusts. Sweat-Rust ruins thousands and thousands of otherwise good ranges every year. When the range body is gone the range is done for.

The Copper-Clad Idea Is "Pure Sheet Copper Between the Asbestos and Range Body"

Copper never rusts. It may tarnish but it will last centuries. There are Copper Domes that have been defying the elements for hundreds of years. So, when we say a "Copper-Clad can't rust out" we mean that the copper lining overcomes all internal rust. An oiled rag will keep the outside free from rust—and there are no fussy ornaments full of

rivets and bolts to skin your hands. The Copper-Clad wipes clean like a dish. If these things are so—you should know it. Not by hearsay—but by the evidence of your own eyes. Remember this "Copper-Clad Crank" is here to tell—to show—to explain. He delights in it. You won't "bother" him by asking questions. He has oodles of time to answer and he is here to "Show You."

days after the shooting—partly
because he wanted to show her
how nearly she had come to being
slain for her walk with her step
father. It was Schneider and
Pearl who first "discovered" the
bodies and notified the police.

Pearl's version to reporters to-
day was different.

"Raymond saw me Saturday
and insisted that we take a walk,"
she said. "He took me up Derus-
sy Lane. It was the first time
we had ever been up that way.
We sat near the apple tree. I
looked over and saw the bodies
and said to Raymond, 'there are
two people lying down.'"

"Why don't you attend to
your own business?" he replied.
"Then I walked over and saw
they were all bloody and ran away
frightened. Then we told a po-
liceman."

The girl said Schneider had
appeared worried ever since the
shooting and twice had asked her
to go to Perth Amboy with him.
Then, apropos of nothing she
inquired:

"Did you know Raymond had a
pearl handled knife in his pocket
that night?"

Pearl also showed reporters a
note she said she had received
from Schneider's young wife on

the Monday following the finding
of the bodies. It read:

"You will pardon my writing
to you, but I want to tell you to
keep away from my husband.
When this case comes to trial I
am going to beat you to it."

Pearl said she did not know
whether Mrs. Schneider referred
to the murder trial, or a divorce
suit between the Schneiders which
is pending.

The mothers of both Schneider
and Hayes were prostrated in
their homes today.

John Hays, the accused youth's
father, today retained Thomas J.
Haggerty, lawyer and Democratic
state committeeman, to defend
the boy.

LONG TIME RESIDENTS LEAVING FOR VISIT

Mrs. Eliza M. Caldwell, who has been a resident of Jacksonville for eighty years, nearly the whole of that time at 725 East State street, has recently gone with her sister, Mrs. Ella Rowan, to visit relatives near Pleasant Plains before removing to Seattle, Wash. In the western city Mrs. Caldwell and Mrs. Rowan will be members of the family of Mrs. Caldwell's niece, Mrs. Rowan Rowan Stephanus, who has been in Jacksonville for several months just.

Mrs. Caldwell and Mrs. Rowan are daughters of Rev. W. D. R. Trotter, a minister of the M. E. church who was well and favorably known in the earlier years of this community. At one time he served as chaplain in the army. Mrs. Caldwell and Mrs. Rowan are granddaughters of Rev. Peter Cartwright. It was in the Pleasant Plains community that Peter Cartwright spent many years of his ministry and there the long time Jacksonville residents are visiting relatives. Mrs. Rowan is the widow of James J. Rowan, who was city attorney of Jacksonville in 1868. BLOTCHES

BLACKHEADS are Embarrassing

Oh! how can I get rid of them and enjoy the glory of a clear skin?

Don't despair! S. S. S. will lead you into a world you have never known before—a world of joy, where strong light and love are welcome, where spotted-faced embarrassment is no more!

S. S. S. makes the blood rich and pure, and when your blood is freed of impurities, your stubborn blotches, pimples, blackheads, acne, rash, tetter and skin eruptions are bound to disappear.

Miss Ethel Rose, 422 E. Water St., Painted Post, N. Y., writes: "I was troubled with pimples on my face, neck and chest. I was advised to take S. S. S. I found it as claimed, as it certainly purified my system and my complexion is now clear. Any good drug store can supply you with S. S. S."

DR. RAMMELKAMP PAID TRIBUTE TO DR. HAYDEN

President of Illinois College Speaks Words of Praise of Deceased Member of Faculty.

At the chapel exercises at Illinois College Monday morning President C. H. Rammelkamp spoke words of praise of Dean F. S. Hayden, whose sudden death Saturday came as a shock to the entire community.

Dr. Rammelkamp announced that as a special tribute to Dr. Hayden there will be no study periods at the college today. The entire student body will gather on the walk from the chapel to Park street and will join the procession following the brief ceremony this morning.

It was twenty years ago that Dr. Hayden became a member of the faculty of Illinois college, prior to that time having filled pulpits in various parts of the country. Dr. Rammelkamp re-

ferred to him as one of the most progressive of men and said that in his work as a teacher Dr. Hayden had the faculty of giving to the student new ideas and new viewpoints.

While ranking as an ideal teacher, Dr. Hayden was also greatly interested in the athletic and social life of the college and his influence on the students during and after study hours was perhaps greater than that of any one else at the college.

ANOTHER GAS WELL COMPLETED MONDAY

P. C. Irwin Believes Prospect Fine for Development of Local Field.

P. C. Irwin, oil operator who has been in Morgan county at intervals for several months past, brought in a gas well on the Orear farm northeast of Jacksonville yesterday. Mr. Irwin said last night that the well at a depth of approximately 250 feet made an excellent showing of gas. According to his estimate, it is now producing at least 350,000 feet of gas a day.

A good showing of gas was made on the Rayborn farm in the well Mr. Irwin completed there and Messrs. Rhodes & Moorehead have a strong gas well on the Coons farm.

It is Mr. Irwin's firm conviction that gas exists in paying quantities in the area mentioned and it is his intention to put

down other wells if satisfactory arrangements can be made for the sale of the product.

DOES NOT PURPOSE SPECIAL ELECTION

City Council Believes Successor to Alderman Flynn Should Be Chosen at Regular Election—Officers Reports at Monday Night Session.

The city council at the session held Monday night indicated that an election will not be called to fill the vacancy caused by the death of Alderman Flynn unless some special reason is brought to the attention of the council for such action.

A special election would mean an expense of several hundred dollars and the council believes this amount should be saved, as a regular election will occur within a comparatively short time.

On motion of Alderman Loneragan with a second by Alderman McGinnis, a committee was appointed to draft a suitable resolution with reference to the death of Alderman Flynn to make it a part of the council records.

Mayor Crabtree, and City Clerk Scott, Aldermen McGinnis, Ehnlie, Loneragan, Sorrells and Rowe were members of this committee.

P. C. Irwin made a brief statement to the council with reference to the possibilities for development of the gas field a few miles northeast of the city. Mr. Irwin has just completed a well there and expects to sink others.

The late Alderman Flynn was chairman of the sewer committee and Mayor Crabtree announced a reorganization of this committee which will now include Aldermen Loneragan, Chapin and Ehnlie.

The question of a special election in the first ward was discussed and it was the unanimous expression of the council that such an election should not be called unless some special reason develops. A primary election will be held in March and a regular election in April, so that in the view of the council it would be unfortunate to cause the city the expense of a special election when the regular election is so near at hand.

Officer Reports

Some other routine business was discussed and reports of officers were read and approved as follows:

The report of W. H. Cobb, water superintendent, showed total collections of \$6,713.72. Of this sum \$6,484.80 was for water rents and the balance for meters and repair work.

A. B. Opperman, justice of the peace, made a report showing the amount of fines collected \$87.70, city costs \$7.70, J. P. costs \$22.50.

The report of C. O. Bayha, justice of the peace, showed fines collected of \$72, city costs \$12.10, J. P. costs \$32.

The report of H. H. Summers, sexton of Diamond Grove cemetery, showed eight graves made during the past month.

The report of John Pires, sexton of Jacksonville cemetery, indicated a total of five graves made during September.

Frank Kiloran, chief of police, reported 20 arrests for the month with fines and costs of \$117.70. The arrests were for the following causes: violating automobile law 3; assault and battery, 3; concealed weapons, 1; disorderly conduct 2; abusive language, 1; burglary and larceny, 2; wife abandonment, 1; peace warrant, 1; bootlegging, 1; miscellaneous causes, 5.

The report of J. E. Scott, city clerk, showed receipts of \$194 from Jacksonville cemetery, \$172.50 from Diamond Grove cemetery and \$1,061.14 thru city clerk's office.

Dr. R. V. Brokaw, health officer, reported total number of deaths as 43. Of this number 26 were non-residents. The number of births reported for the month was 41.

The total number of communicable diseases reported in Jacksonville was 32, of this number 10 being tuberculosis cases. Four are ill with scarlet fever and six with typhoid fever. The last mentioned cases are at Jacksonville State hospital.

It was the expectation that Senator McCormick would speak both in Springfield and Jacksonville but both of these engagements have been cancelled. Republicans of Central Illinois will regret that this change was necessary and hope that they may have the chance to hear Senator McCormick at a later time.

Members of the Morgan county Republican central committee were informed yesterday that Senator McCormick cannot come to Jacksonville next week as planned.

In compliance with the wish of the national committee Senator McCormick is to make a number of addresses in western states and cancellation of a part of his Illinois itinerary is therefore necessary.

GETS CONTRACT FOR NEW LUTHERAN CHURCH

Joseph DeGoveia Awarded Contract for New Church Edifice to Cost About \$32,000—Work to Begin at Once.

At a meeting of the congregation of Salem Lutheran church Sunday afternoon it was voted to let the contract for the new church to Joseph DeGoveia on his bid of \$22,800. This figure does not include the heating plant, electric fixtures or art glass, contracts for which are to be let separately.

Work on the new structure is to begin at once and the expectation is that the roof will be on before winter weather comes. It is probable that the new church will cost about \$32,000. The contract awarded to Mr. DeGoveia does not include brick, as it is the expectation of the building committee to have as many bricks as possible utilized from the old buildings.

Others who submitted bids on the work were Roegge & Shoemaker of Beardstown, whose figure was \$26,684, and S. G. Chumley of this city \$24,683.

BUILDING FOR FUTURE

The work of the Social Service League is centered about the Family Welfare Department. The family is the most important unit of society. The rehabilitation of the family is therefore the greatest service the league can render our city and our country. The Supervision of Mother's Pensions in Morgan County and of county relief granted to needy families in Jacksonville precinct is part of the work of the family welfare department.

As we work with the family we make an effort to reduce poverty, disease, ignorance, vice and crime by dealing with the greatest single cause of all misery—an unhappy, poorly functioning home. We aim to substitute for that a normal family life—to put love, health, education, hope and

DO YOU LACK STRENGTH AND AMBITION?

Here is Good Advice?

Peoria, Ill.—"I can highly recommend Dr. Pierce's Favorite Prescription for weak women. I had become all run down, weak and nervous and had no strength or ambition. I could not eat or sleep and suffered with backaches and bearing pains. I was miserable when my sister advised me to take Dr. Pierce's Favorite Prescription and it has made me feel like a new woman. I can eat and sleep well, can do my work without feeling fatigued, and all the pains and aches have left me. Favorite Prescription has built up my entire system and made me strong."—Mrs. Harry Unes, 403 Steubenville.

happiness into homes that have lost these priceless possessions or have never known them. Lack of money is generally a symptom of an underlying cause.

"Our real task is to remove the cause and do it, as far as possible, so that the need may not recur. Often times it means standing by the family mentally and morally for long continued time, sometimes without any financial assistance, but just standing by to encourage in the face of almost overwhelming difficulties.

"We are working for the future and rendering an important service to the Community in the saving of children, by saving their homes for them and giving them a wholesome environment instead of a disorganized family life.

"In the upbuilding of family life we need all possible advice and cooperation, all the facilities the community affords to place the family as far as possible beyond the need of further assistance. It would be an easy task if it just meant sitting at a desk and waiting for hungry people to come for food, but it is much more complicated since we try to fortify people physically, mentally and morally against future attacks of poverty."

All appeals that come to us are met in some way. Sometimes it is not wise to give material relief, but there is always some way in which we can serve the family or individual. Many of those who come to us do not need or want relief but had there been no one to help them make plans they would be in a position where they could not help themselves. We do not divide our clients into worthy and unworthy. Every one is worthy of something at our hands and often those families or individuals considered by some the most unworthy are the most in need of guidance.

JACKSONVILLE IS TO HAVE FORD DAY
Commercial Division of Chamber of Commerce Met Yesterday and Made Plans—To Be Held in Connection with Halloween.
Jacksonville is to have a Ford Day! This was decided yesterday morning at a meeting of the Commercial Division of the Chamber of Commerce and it was decided that the event should be held on October 31 in connection with the Halloween celebration which will be staged in the evening. President Charles Buhner of the Commercial Division was presiding and the following board members were present: Lloyd T. Hamilton A. R. Taylor, Charles Feldler, Edward Tomlinson, Dennis Schram, Lloyd S. Reid, H. A. Breeden, and William Floreth, Jr.
Ford Days have become national events as features of trade extension activities and Jacksonville merchants plan to conduct the affair along the same lines as have been followed in other cities. Nothing will be spared to make the event a great success and lots of fun, plenty of prizes and a royal good time is promised to every one who comes to Jacksonville on Ford Day.
It was decided to hold the Ford Day and the Halloween celebration on the same day. The Ford Day events will occupy the day time and the evening will be given over to a big Halloween festival. It is planned to have a band engaged for the day, to conduct a big Ford parade in the morning and award the prizes in the afternoon. The square and business district will be decorated with Jack o' Lanterns, corn fodder, witches, brooms, black cats and all the other weird and picturesque emblems of Halloween. An elaborate system of lighting is to be worked out in order that the spectators may see the parade of masqueraders and all the other features of the fete.
The merchants will conduct a Ford Day sale and special prices will be put on different articles of merchandise. It was decided to make this a Ford Day inasmuch as it will be late in the season and many Fords will be in use in and around Jacksonville. Lloyd S. Reid is the general chairman of the event and it is planned to make this one of the greatest days Jacksonville has ever had. Large committees will be appointed to handle the affair including executive, financial, advertising, program and prizes, welfare, concessions, decorations, Ford Day events, judges, registration and band committees.
In addition to prizes being given to different classes of Fords more prizes will be given in the evening for the best masquerade costumes. There will be a big Halloween parade in the evening and it is thought that hundreds of revellers, dressed in costumes both beautiful and foolish, will take part in the merry making. The merchants will give prizes to

Grief-Torn, She Is "Happiest Woman"

By JOHN O'DONNELL
NEW YORK.—She says she is the happiest woman in the world and then tells a story of grief and domestic troubles that would give another woman cause for perpetual self-pity.
In her native land she is socially ostracized. Her family has witnessed her world-wide success without enthusiasm. Her husband's family bitterly condemns her. Her husband, whom she left in Tokyo, made an unsuccessful attempt to prevent her from continuing her stage career.
Speaking slowly, as if tumbling over a pile of unfamiliar nouns and verbs, Mme. Tamaki Miura, Japanese prima donna told how she struggled thru the unhappiness of an opposition undreamed of by an American girl until she could truthfully say, "I am the happiest woman in Japan, in the whole Orient, in the wide world."
Mme. Miura's struggle gives Japanese women a precedent. By shattering the tradition that it is a disgrace for a woman to sing anywhere except in her home and for a husband's entertainment, she has opened a new feature for her countrywomen.
And now the plump little iconoclast from the Orient is happy.
"When I sing in the United States, in Europe, in South America—there is a fresh happiness—something I feel when I see my audiences. If I do not have this happiness, I die. I cannot have this happiness if I stay in Japan and there sing only in my own house.
She cupped her two small hands.
"It is in this they wanted to put me. Shut up in a little box. My husband and my husband's family all say it is a dishonor to sing before the audiences. I must come back to Tokyo, they tell me. But you know, I can't, I really can't."
Mme. Miura has been married for ten years, her marriage taking place two years before she made her debut in London at the farewell concert of Adeline Patti in 1914.
"What about you husband?"
"He has been very difficult. He knows how I love to sing and I told him I would come back to Japan every year. But he listens to his mother and father who believe it is a dishonor to be on the

the best costumes and all the masqueraders will take part in the huge parade. It is possible that a street dance will be held as the closing event of this gala day.

To the mother bringing the largest family of children in a Ford.
For the largest load of people coming the longest distance to Jacksonville in a Ford.

INDEES TAKE CITY SERIES FROM DOKAYS
Capture Third Game by Score of 3 to 0—Game One of the Best Played.
The Indies settled the city championship Sunday afternoon when they defeated the Dokays for the third straight time at South Side park. The weather was more suitable for football and only a few spectators witnessed the game.
The Dokays used their regular lineup with the exception of Flynn and McDaniel with Jim Wood on the rubber. The team played better ball behind Wood than it did behind Hartman and the men had more "pep" than was displayed in the first two games.
They held the Indies scoreless.

for five innings and during that time the Indies did not register a hit. In the sixth the Indies got one and in the eighth they got two runs when three hits were bunched off of Wood.
Fryman did not exert himself much. He put the ball right down the middle most of the time and let his support do the work.
Running catches by Gillis and Burkery featured the game. The catch to the latter was about as neat a bit of work as we have seen this season. He came from deep center right up behind the infield to make the catch.

BALTIMORE WON IN NINTH INNING
BALTIMORE, Md., Oct. 9.—Baltimore won the fourth game of the "Little World Series" from St. Paul this afternoon, 7 to 2. With the score tied in the ninth three men on bases and one out, McAvoy, of the Orioles, broke up the game with a home run to the right field bleachers. It was his second homer of the series, he having broken up the first game with a circuit clout. This victory put Baltimore further in the lead three games to one.
Groves and Benton, who started on the mound were both knocked out. Parnham went in for Baltimore in the sixth and held the Saints scoreless for the remainder of the game.
Hall relieved Benton in the ninth after Walsh had doubled and had made third on a short single by Bentley. After Holoy went out to first Bishop was purposely passed filling the bases. Then McAvoy broke up the game.

YALE STARTS TO PRACTICE FOR IOWA
New Haven, Conn., Oct. 9.—Yale started practice today for the game with the University of Iowa next Saturday with three first string men—George Becket, Charley O'Hearn and Eddie Becht. Becht, absent from the squad, Becket suffered a broken bone in one hand in the North Carolina game Saturday and Becht twisted a knee. O'Hearn has been out of the game with a pulled tendon. It is believed O'Hearn may be able to play for a short time Saturday but Becket and Becht are expected to be out for more than two weeks.

A WOMAN'S BACK
Many a woman's back has many aches and pains. Oftimes 'tis the kidneys' fault. That's why Doan's Kidney Pills are so effective. Many Jacksonville women know this. Ask your neighbor. Read what one has to say about it.
Mrs. H. E. Garrett 332 W. Church st., says: "I have had a weak back and a dull ache seemed to settle in the small of my back. After I had done a hard day's work a terrible dragging pain would just make me miserable. I suffered a lot with my back. My kidneys acted irregularly. I was also nervous at these times. A friend recommended Doan's Kidney Pills so I started using them and they lost no time in relieving me. I was soon rid of the trouble. I have not had to use Doan's in some time as my cure is a lasting one."
Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Garrett had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

Grace Church Doings
The orchestra under the leadership of John Kearns commenced activities of the day with a fine program of music. Miss Beulah Tull delighted the school with one of her charming solos. Charles Hopper read a Bible story, entitled "How a Boy Helped Jesus."
There were over eighty young people in the student class. The class room has been enlarged to accommodate the increased attendance. The student class will have a party on Thursday evening at the home of their teacher, Mrs. J. J. Reeve. There were 424 in attendance at Sunday school and an offering of \$19.77.
At the morning service the pastor made a strong plea in behalf of the Sunday school. At 6:30 over one hundred young people gathered for the League service, which was led by Miss Grace Rexroat. At 7:30 the pastor occupied the pulpit in a strong sermon.
On Monday evening, Mrs. Favouright of Jerseyville will address the Sunday school workers. A luncheon will be served at 6:15, after which will follow the address. The public is invited to hear the address which will begin about 7 o'clock.
The Pastor's Aid will see all day Tuesday at the church, with a business session at 3 o'clock.
On Tuesday evening at 7:30, the School of Religion will meet for organization at Centenary church.
Mid-week prayer service on Wednesday evening at 7:30, followed by the monthly meeting of the Official Board.
On next Sunday the Rev. James V. Thompson of the Board of Sunday Schools will visit Grace church, inspecting the Sunday school and occupying the pulpit in the morning. It is a great privilege to have Rev. Thompson in the city and those hearing him will be well repaid.

Oat Flakes almost ready
Instant Quaker Oats
Cook in 3 to 5 minutes
Now there is Instant Quaker Oats, as well as the style you know. The Instant style, perfected by our experts, is the quickest cooking oats in the world. It cooks to perfection in 3 to 5 minutes.
Both styles have the quality and flavor which have won the world. They are flaked from queen grains only—just the rich, plump, flavory oats. We get but ten pounds from a bushel.
But in Instant Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.
The Instant style is marked "Instant" on the label. Tell your grocer which you want.
